Breaking With The Past The
Breaking with the Past is a superb example of a turn in history that is now coming to maturity: the challenge to bring the foreign back into Chinese history. By using an agency that was indisputably central to the operation of Chinese government for a century, Hans van de Ven makes a groundbreaking contribution that demonstrates that we cannot understand modern China without placing it in the context of globalization.

When you spend your time regretting the past, you are ignoring and diminishing all that you have achieved because the past mistakes are the ones that get all the credit. Focus on your achievements and not on the mistakes and in turn you will realize that your mistakes were not that serious. You focusing on them makes them bigger than they truly are.
