Schematic Diagram of DDEC II | Detroit Diesel ...

There are three DDEC displays per engine, pilot house, fly bridge and engine room. All three displays come on together and all three respond to the reset command from any display. This sounds like an ECU or wiring harness problem if not the pump or sender, but I can't for the life of me understand why several supposedly qualified mechanics have failed to isolate and fix the problem.

- Detroit Diesel 16V 92TA DDEC fuel pump fault codes
