How to Measure Performance Management Effectiveness in 5 Steps

In this guide, you'll find 10 practical steps that can be used to improve the performance management processes at your organization. 1. Set goals effectively. Goals are the basis of an effective performance management process. There are two key elements to consider when developing goals. First, are goals written clearly and objectively?

10 Ways to Improve the Performance Management Process

Performance measurement and performance management may sound similar, but while they are complementary to one another, they are entirely separate strategic practices. The Balanced Scorecard creators, Drs. Robert S. Kaplan and David P. Norton, played a large role in championing these terms. In 1996, Kaplan and Norton published *The Balanced Scorecard: Translating Strategy into Action*.
