The Death Ray

The death ray or death beam was a theoretical particle beam or electromagnetic weapon first theorized around the 1920s and 1930s. Around that time, notable inventors such as Guglielmo Marconi, Nikola Tesla, Harry Grindell Matthews, Edwin R. Scott, Erich Graichen and others claimed to have invented it independently.

Death ray - Wikipedia

The Death Ray is a graphic novel by American cartoonist Daniel Clowes that first appeared in issue # 23 of Clowes's comic book Eightball in 2004, and then as a standalone book in 2011.

The Death-Ray - Wikipedia

A "death ray" is a theoretical particle beam or electromagnetic weapon that was originally proposed independently during the 1920s and 30s by multiple scientists. From these initial proposals,...

What is the Death Ray? - Universe Today

In fact, the death ray wasn't the only invention he claimed to have created but never produced for the public. By the 1930s, he began making frequent claims of major inventions, like a machine that ran on cosmic radiation. But like the death ray, if any existed then no one but Tesla ever saw them.

The Mystery Of The Tesla Death Ray - All That's Interesting

The Death-Ray is much more like Ghost World, in that it's about a couple of geeky teenage boys. They're the class dweebs, the pair that just can't seem to get on. They're the class dweebs, the pair that just can't seem to get on.

Death-Ray, The - Grovel

The death ray is the giant alien raygun attached to the underside of the Mothership Zeta. It appears to be its main offensive weapon. The Lone Wanderer uses the ray to destroy an alien enemy ship attacking the hijacked Zeta.

Death ray | Fallout Wiki | Fandom

Mabuse has gotten his hands on a death ray and is ready to start World War III. If it wasn't for a very tenuous three minutes at the beginning of the film and the last two minutes you wouldn't know you were watching a Dr Mabuse movie. You'd chalk it up to a really bad James Bond rip off and do something else.

The Death Ray of Dr. Mabuse (1964) - IMDb

Tesla's Death Ray could have swung the balance of power in World War II. The world's superpowers would have been in a race to get the plans — or at least keep them out of the hands of their enemies.

Discovery Investigating Inventor Nikola Tesla's Mysterious ...

The Death-Ray utilizes the classic staples of the superhero genre—origin, costume, ray gun, sidekick, fight scene—and reconfigures them in a story that is anything but morally simplistic. With subtle comedy, deft mastery, and an obvious affection for the bold pop-art exuberance of comic book design, Daniel Clowes delivers a contemporary meditation on the darkness of the human psyche.

The Death-Ray: Clowes, Daniel: 9781770460515: Amazon.com ...

With the headline: "Tesla Discovered 'Death Ray' in Experiments He Made Here," the story recounted, with a feeling of local pride, the inventor's 1899 researches financed by John Jacob Astor. Tesla's Colorado Springs tests were well remembered by local residents.

The Death Ray of Nikola Tesla | Tesla Universe

Tesla "Death Rays" are Particle Beams. Particle beams are special sorts of electro-magnetic waves, a special sort of light. The white light or daily light is a mixture of different length of waves. White light is a mixture of many colors which can be separated. Red light has long waves whereas blue light has short waves.

Lost Tesla Papers about the "Death Rays" - Nikola Tesla

'The Death Ray' is a 25-minute film made by the Pathe newsreel company in April 1924. Ostensibly, this is a straightforward record of a legitimate scientific experiment... but Matthews controlled the circumstances of the filming, and he had wide opportunity for fraud.
